C-GR.2.2 · Re-check · 3 questions

MA.7.GR.2.2 · Real-world cylinder surface area · Unit 12 Surface Area and Volume · Given Wednesday, after the reteach, when this benchmark was retaught

Form title C-GR.2.2 Re-check · Real-world cylinder surface area
Description 3 questions, 1 point each. Work each one out on paper, then choose or type your answer. Calculator allowed.
Locked mode OFF (calculator allowed; Locked mode blocks the Chromebook calculator)

Short-answer validation (already on the template's short-answer question; copy that question): Regular expression → Matches → `^-?(\d+(\.\d+)?|\.\d+|\d+/\d+|\d+ \d+/\d+)$`
Error text: Type only a number, like 12 or -3.5 or 2/7 or 4 1/3. No units, $, %, π or commas.

#	Question image	File · type	Options to add	Answer key	Pts
1	Surface area of a right circular cylinder: $SA = 2\pi r^2 + 2\pi rh$ A cylindrical planter has no top. It has a radius of 5 inches and a height of 12 inches. The outside of the planter, including its bottom, will be painted. What is the area that will be painted? Round your answer to the nearest hundredth. Use the π key on your calculator. Type a number only. No units, $ or %.	**Q1.png** Short answer	none (typed answer)	**455.53 · 455.3 · 455.30** Tick "Mark all other answers incorrect." Response validation: Regular expression, Matches (see top).	1
2	Surface area of a right circular cylinder: $SA = 2\pi r^2 + 2\pi rh$ A cylindrical can has a radius of 7 centimeters and a height of 8 centimeters. A paper label wraps around the side of the can. It does not cover the top or the bottom. What is the area of the label? Write your answer in terms of π. Type only the number in front of π. Example: for 7π, type 7.	**Q2.png** Short answer	none (typed answer)	**112** Tick "Mark all other answers incorrect." Response validation: Regular expression, Matches (see top).	1
3	Surface area of a right circular cylinder: $SA = 2\pi r^2 + 2\pi rh$ A closed cylindrical water tank is made from sheet metal. The tank has a diameter of 22 feet and a height of 12 feet. What is the total area of sheet metal needed for the curved side, the top and the bottom? Write your answer in terms of π. Type only the number in front of π. Type a number only. No units, $ or %.	**Q3.png** Short answer	none (typed answer)	**506 · 506.0 · 506.00** Tick "Mark all other answers incorrect." Response validation: Regular expression, Matches (see top).	1
